A CHEVRON COMPANY

OPERATOR OF THE NNPCL/CHEVRON JOINT VENTURE

TENDER OPPORTUNITY - PROVISION OF HVAC MAINTENANCE AND OPERATION SERVICES

NIPEX TENDER: CNL.00000277

(1) INTRODUCTION:

Chevron Nigeria Limited Operator of NNPCL/CNL Joint Venture, invites interested and prequalified indigenous companies for this tender opportunity for the provision of HVAC maintenance and operation services to support CNL's oil and gas production activities at its Escravos, Offshore, Terminal, Onshore and Swamp locations and other CNL locations including its operational support and logistics bases in Lagos, Warri and Port Harcourt as required.

The contract is proposed to span a period of two (2) years with a possible optional term of one (1) year duration.

(2) SCOPE OF WORK:

Provision of all services, including supply of all skilled, qualified and certified personnel, supervision and provision of testing devices, equipment, tools, and other items necessary for the maintenance (predictive, preventive and corrective) and operation of HVAC system(s). The services will also include engineering, project management equipment specification, procurement commissioning and operation for major and minor turnarounds. Services shall be performed 24 hours a day, 7 days per week on a callout basis to support CNL's oil and gas production activities.

The services will specifically cover all aspects of repair and maintenance of HVAC systems including:

- Routine preventive, corrective and predictive maintenance of all HVAC systems as directed by CNL or based on the Original Equipment Manufacturer (OEM) recommendations. The HVAC systems include window units split units, control unit packages and various types of HVAC chiller packages with simple and complex control systems used in process plants and Infrastructures including interfaces with Process Control Systems and Alarming system;
- Troubleshooting and repair of HVAC systems and ancillary components including the electrical, instrumentation, controls and mechanical components of the HVAC system and packages.
- Provision of HVAC duct and piling installation and re-insulation (various types and sizes) and HVAC ducting, re-ducting, and piping (various types and sizes). This includes removal of the existing insulation and ducting in the case of re-insulation and re-ducting
- Engagements with the OEM to develop equipment and parts specifications and job procedures, and to repair commission and startup the equipment
- Operational procedure and specification development in accordance with Industry recommended standards e.g. ASHRAE and OEM recommendation
- Provision of tools and equipment including to CNL's locations.
- All manpower, management, supervision and resources necessary to perform the service listed above
- Consumables, if required which shall include but not limited to:
 - (a) Air Filters of required sizes
 - (b) Refrigerant gas of required specification

- (c) Oil of specified type recommended by manufacturer
- (d) Operational spare parts (other than those indicated by CNL)
- Routine operational and major and minor turnarounds
