

## **GROUP LIFE AND ACCIDENT INSURANCE**

Oxfam is a world-wide development organization that mobilizes the power of people against poverty. In Nigeria, we work to influence policy change in favour of the poor and most vulnerable, promoting food security and supporting small scale farmers to improve the livelihoods of men and women in rural areas. We focus on meeting vulnerable people's needs, saving lives, sustaining increased incomes for the poorest, transforming attitudes about women's roles and rights.

The under-listed services are a guide to show the categories of the services required the insurance policy provider should be able to provide us with a more detailed list of services under each of these headings and the various packages they have, taking into cognition the need for subtraction and addition of staff to the plan without incurring additional cost as long as it is within the limit of the agreed number of staff and in the specified period of coverage.
