REQUEST FOR PROPOSAL

Population Services International (PSI) is a leading global health organization with programs targeting malaria, child survival, HIV/AIDS, and reproductive health. PSI provides life-saving products, clinical services, and behavior change communication that empower the world's most vulnerable populations to lead healthier lives. PSI has programs in 67 countries. Population Services International in Nigeria was established in January 2018.

PSI Nigeria is implementing a malaria research study on malaria diagnostics and therapeutics in the private sector in Lagos, Kano, and Abia states.

We invite interested, reputable research organizations to bid for the field work and support activities.
