Introduction :Background

UN Nigeria office is located at Plot 617/618 Diplomatic Drive, Central Area, Abuja, FCT Nigeria. The office seeks to upgrade audio/video systems in the main conference room.

To improve meeting efficiency and productivity, the office is looking for fit for purpose meeting room solutions for the main conference room, include but not limited to intelligent meeting room control solution, Audio/Video (A/V) solution and video conferencing solution.

OBJECTIVE

The project aims to implement fit for purpose meeting room solutions to improve meeting room control and meeting experience in the main conference Hall and Meeting Rooms of UN Nigeria.

SCOPE OF WORK:

The scope of work is for the upgrade of the existing audio/video set up of the main auditorium and the meeting rooms. The Auditorium is a multifunction room and will be used for all staff meetings, training, and video conferencing etc. Other meetings rooms are on Wing A and B of the first floor. The existing audio system in the auditorium and meeting rooms was installed in 2018. The layout of the auditorium and meeting rooms (Wing A & B) is attached (Annex 2).

Reputable vendors are requested to review the existing system and present an inclusive audio/video solution to the current set up in the main auditorium and meeting rooms in UN Nigeria Office Abuja. The successful vendor will be required to implement the proposed solution as well as provide one year of support and maintenance service to the installed systems.

Interested suppliers must submit their offer directly in the system as instructed in the solicitation document, following the instructions in the available user guide. In case you have never registered before, you can register a profile using the registration link shared via the procurement notice and following the instructions in the guides available in UNDP website: <https://www.undp.org/procurement/business/resources-for-bidders>.
