This specific tender is managed via the new supplier portal system of UNDP Quantum. If you are interested in submitting a bid for this tender, you must subscribe following the instructions in the [user guide](#). If you have not registered a profile with this system, you can do so by following the link for [Supplier Registration](#). If you already have a supplier profile, please login to the [Supplier Portal](#), then search for the negotiation using the reference number **UNDP-NGA-00532**, following the instructions in the [user guide](#).

Introduction : **REVIEW OF INTEGRATED NATIONAL FINANCING FRAMEWORK (INFF) M&E FRAMEWORK / ROADMAP**

The operationalization of the INFF for sustainable development in Nigeria has enabled the identification of opportunities to mobilize resources required to finance the SDGs in the country, which has been succinctly presented in the Nigeria INFF report.

In 2023, UNDP partnered with the Nigerian Government, the European Union and other stakeholders to begin implement some of the action plans of Nigeria's INFF, with a view to facilitating revenue generation and financing flows in Nigeria; including support in digitalization of tax administration to strengthen fiscal space, investment promotion at national and state levels, investment brokering for SDG Impact ventures to facilitate private sector financing for SDGs, support for Nigeria's participation in the Guided Trade Initiative (GTI) of the African Continental Free Trade Area (AFCFTA), and support for the formalization of artisanal and small-scale miners as well as solid minerals development.

The objective of this assignment is to provide technical support to enable Nigeria to review the INFF Monitoring and Evaluation (M&E) Framework/ Roadmap which was prepared in 2022. The review process aims to better the INFF M&E framework with the new sustainable development priorities of the government. The revised M&E framework is also expected to have linkages to specific SDG indicators with clear baseline, targets, budget, means of verification, expected outcomes, responsible stakeholders, as well as coordinating and reporting mechanism.

To understand how to navigate Quantum for submission of bids with please follow this link <https://www.youtube.com/watch?v=om0AF0sRT-I>

Please indicate whether you intend to submit a bid by creating a draft response without submitting directly in the system. This will enable the system to send notifications in case of amendments of the tender requirements. Should you require further clarifications, kindly communicate using the messaging functionality in the system. Offers must be submitted directly in the system following this

link: <http://supplier.quantum.partneragencies.org> using the profile you may have in the portal. In case you have never registered before, you can register a profile using the registration link shared via the procurement notice and following the instructions in guides available in UNDP

website: <https://www.undp.org/procurement/business/resources-for-bidders>. Do not create a new profile if you already have one. Use the forgotten password feature in case you do not remember the password or the username from previous registration.

Search for the specific tender using search filters and subscribe to the tender in order to get notifications in case of amendments of the tender document. If you need support with the online system, you can contact the contact details of this tender as indicated in the solicitation document.
