Introduction :UNDP Nigeria seeks the services of a specialized web design and development company to support the design and full development of a digital platform that hosts data visualizations of key socioeconomic, environment and development indicators at the subnational level. While the web solution will provide a practical means of streamlining the dissemination of state level data, it will also increase visibility of the team’s work and play a vital role in strengthening the culture of evidence-based policy making in development interventions. The service provider will work closely with UNDP Knowledge Hub team throughout the design and development stages of the digital solution envisaged.

Please indicate whether you intend to submit a bid by creating a draft response without submitting directly in the system. This will enable the system to send notifications in case of amendments of the tender requirements. Should you require further clarifications, kindly communicate using the messaging functionality in the system. Offers must be submitted directly in the system following this link: <http://supplier.quantum.partneragencies.org> using the profile you may have in the portal. In case you have never registered before, you can register a profile using the registration link shared via the procurement notice and following the instructions in guides available in UNDP website: <https://www.undp.org/procurement/business/resources-for-bidders>. Do not create a new profile if you already have one. Use the forgotten password feature in case you do not remember the password or the username from previous registration.

Search for the specific tender using search filters and subscribe to the tender in order to get notifications in case of amendments of the tender document. If you need support with the online system, you can contact the contact details of this tender as indicated in the solicitation document.
